Lab 5

Task:

Please create app which is related to Covid-19 and current situation.

It needs to be "multimedia" like app.

Requirements:

- App need to solve some current problem or helps users to get info about Covid-19
- All ideas are welcome

Technology:

- Any: it can be web, mobile or desktop app, … IoT solutions also welcome

Teams:

- As there is a lot of hackathons related to Covid-19 you can do this task as a team
  o up to 4 when you also join hackathon (provide me details)
  o 2 in other case.
  o Remember that you can also do this individually (#stayathome #withoutconnection)
